20 **ORDER OF DISMISSAL**

21 The above-captioned cases were opened when Petitioner, a California prisoner on death
22 row, filed documents purportedly “showing actual innocence” (case number 24-0657 JSW) and
23 “ineffective assistance of counsel” (case number 24-0707 JSW). Petitioner has a pending petition
24 for a writ of habeas corpus in which he challenges the same state court judgment he challenges in
25 the documents filed herein. *See Bonilla v. Ayers*, No. C 08-0471 YGR. He is represented by
26 counsel in that case, and he must bring all of his claims, motions, and other requests, including the
27 instant requests, through counsel in that case. There is no need for Petitioner to have more than
28 one case challenging the same state court judgment. Accordingly, the above-captioned cases are
therefore DISMISSED without prejudice.

21 The clerk shall enter judgments and close the files.

22 **IT IS SO ORDERED.**
